Project Title	Early Prediction Of Chronic Kidney Disease
Maximum Marks	2 Marks

### Data Quality Report Template

The Data Quality Report Template will summarize data quality issues from the selected source, including severity levels and resolution plans. It will aid in systematically identifying and rectifying data discrepancies.

Data Source	Data Quality Issue	Severity	Resolution Plan
Dataset	Missing Data	High	Identify data fields that are incomplete. Implement mandatory fields during data entry. Regularly audit and validate data for completeness.
Dataset	Inaccurate Data Entries	High	Establish validation rules at the point of entry to minimize errors. Provide user training on accurate data entry practices.

Dataset	Inconsistent Formatting	High	Standardize data formats across the application (e.g., date formats, measurement units).
Dataset	Outdated Information	Moderate	Set up reminders for users to review and update their information periodically.
Dataset	Lack of Data Accessibility	Low	Create user-friendly dashboards and reports for easy access to data.
